PRICING SUBJECT TO CHANGE WITHOUT NOTICE

Media Solutions™ large and small format digital printing represents high quality, cost-effective solutions for full color photographic quality images and complex signage. Our large format products are used for special events, trade shows, conventions, legal exhibits, promotional displays, and retail while our small format offset printing is used for more common everyday promotion including business cards, postcards, bookmarks, table tents, presentation folders, posters, flyers and brochures. In addition we offer complete finishing services including lamination, mounting, spiral binding, easel backs, roll-up posters and cut-outs ready for display. A wide variety of display systems including booths, table tops, Xtralite® displays, floor stands and A-Frames are also available.

Large Format Digital Printing costs listed below are based the square foot pricing and the number of prints ordered. Estimates will be provided for jobs consisting of multiple pieces or any requiring custom fabrication including cut-outs and folding displays. Minimums of 2-3 sq. ft. apply to small jobs and are based on media roll widths.

INDOOR MEDIA WITH DYE BASED INKS	USES	\$ PER SQ. FT.
